## Highlander Milk

Condensed

makes cooking a success - not a speculation

Cooking is always a success where Highlander Condensed Milk (full cream) is used. There's good reason, too, why the careful housewife should use this famous brand. Firstly, it ensures better flavoured dishes. It is easy to prove this. Try a dressing where Highlander Condensed Milk has been used against one in which ordinary milk or some other condensed milk has been employed—you can at once taste the superior flavour of Highlander.

Then, too, it makes food more digestible. Scientists tell us that the process of condensation modifies the caseinogen and thus makes the milk more digestible. Made from the world's finest milk, Highlander is the standard brand for tens of thousands of women who have proved its superiority. One test will suffice—you owe it to yourself to make it.

There are hundreds of recipes in the big 200-page beautifully illustrated Highlander Cook Book. Write for a FREE copy to-day—address "Highlander," Dept. "A," Fred L. Waldron, Ltd., Agents, Honolulu.

## COMMITTEES OF CIVIC SESSION ARE ANNOUNCED

The personnel of the committees authorized by the Sixth Annual Civic Convention has been announced by the chairman, J. F. C. Hagans.

The Boy Scout committee, which is to give its moral support and practical aid to the movement in the territory, is as follows:

Richard H. Trent, chairman, Oahu; T. W. Russell, Hawaii; D. H. Case, Maui; and A. K. O'Brien, Kauai.

A national park committee, which is to assist in the putting into effect of the federal law creating a national park in Hawaii, comprises:

Markson Campbell, chairman; Will Ham Thompson, A. W. van Valkenburgh, J. H. Super and C. W. Ashford.

Another committee is to work for the passing of a law by the territorial legislature to put the accounting of the territory and the several counties on a uniform basis. It follows:

W. R. Farrington, chairman; E. M. Cheatham, Kauai; W. O. Aiken, Maui; R. T. Moses, Hawaii; and A. F. Clarke, Honolulu.

A road committee is appointed which is pledged to work for the sectional upkeep of all the roads of the territory and to the spirit of a resolution passed by the convention favoring the construction of territorial roads by the territory. This is the committee named:

H. E. Vernon, chairman; J. H. Morgan, Kauai; W. F. Pogue, Maui; C. E. Wright and L. MacFarlane, Hawaii.

The report from the inspector of garages, showing receipts for November of \$1,131.50 and expenditures of \$2,419.24, was received.

The matter of calling for bids for 13,000 barrels of fuel oil for the water works pumping stations was referred to the clerk of the board.

A. K. Vierra, parks superintendent, reported that he had discharged John Kalauka, park keeper at Puunui park, for frequent absences from work.

Louis S. Cain, building inspector, asked for an appropriation of \$202.12 for expenses of his office. The matter was referred to the ways and means committee.

Appropriations for the maintenance and upkeep of Kapiolani park and other parks in the city and the public bath house were referred to the ways and means committee.

A letter was read from Raymond C. Brown, secretary of the Chamber of Commerce, asking the board to take action on renumbering the houses in Honolulu. It was passed over to the ways and means committee for action.

A. K. Aona applied for the job of caretaker of Diamond Head park and offered to work without pay providing the board permitted him to erect a tent and live on the grounds. The matter was turned over to the parks committee.

Sheriff Rose in a second letter pointed out the need of new helmets for the policemen and also the need of a new patrol. He asked for an appropriation of \$2,000. The matter was referred to the ways and means committee.

The board ordered the payment of \$185 to Captain of Detectives Arthur McDuffie, which was a bill for personal expenses on the trip made to the mainland to arrest and bring back Lionel R. A. Hart, Chester A. Doyle's bill of \$150 for assisting in the prosecution was referred to the ways and means committee.

The letter from Sheriff Charles H. Rose, regarding the closing of M. D. Castillon's dance hall in the country, explained the action by saying that this hall was the resort of women of the underworld. The letter also asked the board not to license any dance hall without first learning the manner in which it would likely be conducted. The letter was referred to the dance hall committee.

Previous to the regular business meeting, the board last night held the Latini improvement district hearing on assessments. James T. Taylor called the board's attention to the unfairness of the proposed assessments, stating that the assessment against him for storm drainage was \$225.46 in excess of what it should be. After an hour's discussion the board took the matter under advisement and then referred it to the roads committee.

Soon as an attack of Lumbago or Sciatica begins apply Sloan's Liniment. A little, promptly used, not only stops pain, and overcomes stiffness, but hastens complete recovery and helps prevent recurrence of the trouble.

Sloan's Liniment supplies the warmth to soothe inflammation, its counter-irritant effect promotes circulation and absorption of morbid secretions, while its sedative influence soothes the nerves and muscles. Soreness, Stiff Neck, Wrenched Joints, Strains and Bruises are effectively relieved by its use.

A great comfort with Sloan's Liniment is that you don't have to rub. It is also far cleaner to apply than salves or plaster, as it does not stain the skin or clog the pores. Generous size bottles at druggists everywhere. 25c, 50c, \$1.00.

### OPPOSED TO CALLING AMBULANCE FOR TRANSFER OF PRIVATE PATIENTS

While the emergency hospital ambulance was carrying a transfer patient to a private institution yesterday afternoon a call was turned in for a "fast wagon" and Dr. R. G. Ayer, police surgeon, was compelled to despatch the police patrol to the scene. A woman was badly injured by a rock thrown at her head and she was rushed to the hospital in the patrol. The emergency hospital ambulance was kept continually on the run yesterday, and hospital and police authorities complained of the fact that the ambulance was absent on a transfer case while there was need of it at headquarters.

A large number of private cases are transferred in the emergency hospital ambulance, but as the high-powered motor was designed for emergency work the hospital authorities are opposed to it being sent on long trips for private patients. The incident yesterday while the ambulance was away serves to show how necessary it is for the ambulance to remain at police headquarters to respond to emergency calls only, says Dr. Ayer.

## CIVIC BODIES JOIN IN PLEA TO SHIP BOARD

Three of the important civic organizations of Honolulu are now back of the movement to secure the issuance by the shipping board of six months' permits to foreign vessels to engage in the coastwise trade, the Honolulu Chamber of Commerce, the Honolulu Ad Club and the Hawaii Promotion Committee.

Action to support the desire of the Toyo Kisen Kaisha Co. for permits over a longer period than a single voyage was taken by F. J. Halton, of the Hawaii Promotion Committee, when George McK. McClellan, representative of the Honolulu Chamber of Commerce, was recently here, and who is now en route to Washington.

A letter was drawn up by Mr. Halton, which cited the needs of Honolulu for the use of the foreign vessels and gave specific statements regarding the amount of passenger room which had been available and unused on these boats over a period of one month. This letter was given to Mr. McClellan before he departed.

At a meeting of the Ad Club yesterday the letter was approved, and afterwards it was considered by the Chamber of Commerce.

Discussion arose at the meeting over the endorsing of the letter when Mr. McInerny questioned the advisability of including in the letter or the action taken by the chamber, a request for the right to send perishable fruit on the foreign vessels. No mention of freight was made in the promotion committee letter.

Abe Lewis wanted to know were the T. K. K. and other foreign freight space, granted to the islands, if it would not result in that much tonnage, now provided for by the shipping board, being withdrawn.

Emil Berndt thought that the shipping board was in full knowledge of shipping conditions and our needs, as well as that of the nation, and could be depended upon to take equitable action.

Finally a motion was passed which endorsed the letter in the possession of Mr. McClellan but added the words, "perishable fruit."
